

# FINANCIAL RISK AND REGULATION (FRR)® SERIES

A detailed look at the key areas of financial risk

## About the FRR Series

### Higher-level financial careers demand in-depth risk knowledge.

Learn how financial risk impacts assets, institutions, systems, and the global financial infrastructure with GARP's FRR Series Course. This self-study course includes four modules that provide a sound understanding of credit risk, market risk, operational risk, and asset and liability management.

After completing all four modules in the FRR Series, you can sit for the formal exam proctored by Pearson VUE and earn your official GARP Financial Risk and Regulation Certificate.

## Registration Includes

- Digital Access to Curriculum via GARP Learning
- Review Questions, Quizzes, and Key Concept Analysis
- Case Studies and Practice Exam
- Chapter PowerPoint Slides
- Official Study Guide and Learning Objectives Document
- Certificate of Completion

## FRR Series Exam

Candidates can take their Exams, administered by Pearson VUE, via remote online proctoring or in-person, computer-based testing (CBT).

## Prices

**Members and Certification/Certificate Holders:** USD 425

**Non-Members:** USD 500

**Full Printed Book Set:** USD 175 + Shipping

## FRR Series Modules

Credit Risk Management

Market Risk Management

Operational Risk Management

Asset and Liability Management

## Benefits

- Administered in a flexible, self-study format (typically requires a 80-140 hour time commitment for success)
- Official GARP-issued certificate upon completion
- Course includes examples and case studies developed by risk professionals to reflect international standards

## Ideal FRR Series Candidates

The FRR Series is designed for students and professionals looking to build a practical foundation in financial risk and regulation, particularly in the areas of risk, auditing, treasury, accounting, consulting, compliance, IT, trading, and insurance.
